## BALLADS

A ballad is a poem that tells a story. The story is broken into four-line stanzas. The second and fourth lines always rhyme. The common rhyming pattern is ABAB, but it can also be ABCB. Sometimes the ballad has a “refrain”, a short phrase or verse that is repeated throughout the song, sometimes after every stanza. Many songs are ballads.

You could write a ballad. It is good to write about something that is important to you. What would you like to write about?

Topic \_\_\_\_\_

Brainstorm words about your topic.
